About GWEC™ - News

GWEC Offshore Limited

Griffin-Woodhouse Ltd. (UK) and Qingdao Anchor Chain Co. Ltd. (PRC) are pleased to introduce GWEC Offshore Ltd., a Joint Venture Company (JVC) established between our esteemed companies for the manufacture and supply of mooring & anchoring equipment for offshore & marine applications world-wide.

Established in 1790 and synonymous with the highest quality, Griffin-Woodhouse Ltd. has an unrivalled manufacturing history and is acknowledged as a market leader in the design, manufacture and supply of specialist mooring systems.

Established in 1958, but in private ownership since 1998, Qingdao Anchor Chain Co. Ltd. has made significant investment in new facilities and is IACS approved for manufacture up to $\varnothing 152\text{mm}$ R3 & R3S, $\varnothing 147\text{mm}$ R4 Mooring Chain & Accessories and $\varnothing 152\text{mm}$ Grades 2 & 3 Anchor Chain & Accessories with a capacity up to 60,000 Tonnes p.a.

Our partnership objective is to 'exclusively' develop, manufacture and supply quality assured equipment at competitive prices. This unique cooperative model is based on shared values, trust, transparency, continual improvement, technological development and long-term mutual benefit or 'Guanxi'(关系).

Griffin-Woodhouse Ltd. has licensed its famous GWEC™ to the JVC and will conduct all sales & marketing activities on behalf of GWEC Offshore Ltd., whilst Qingdao Anchor Chain Co. Ltd. will manufacture, certify and supply equipment.

GWEC Offshore Ltd. is incorporated in Hong Kong SAR which, whilst being part of People's Republic of China maintains an autonomous legal framework. Contracts signed with GWEC Offshore Ltd. will therefore be underwritten and protected by an independent commercial, financial, legal and judicial system, the protections of which are not available in mainland China. Furthermore, Griffin-Woodhouse Ltd. will provide full technical support and arrange independent oversight of manufacturing, quality assurance, testing, inspection and certification activities in PRC.
