Support, Pick-Up & Marker Buoys

(Product Code STDR - 3000)

(Product Code STDR - 3001)

Available in 'Chain Through' or 'Swivel Eye' type, Griffin-Woodhouse support buoys are manufactured only from a polyethylene foam core coated by polyurethane elastomer skin. They are therefore highly durable, being resistant to impact, abrasion, UV degradation and chemical attack. Available in a range of colours but supplied in orange as standard, buoys can be made to specific requirements but are standardised as detailed to suit most mooring arrangements. Other sizes available on request.
