Ports & Terminals - Mooring

Conical Drum Mooring Buoy

(Product Code STDR - 4020)

Griffin-Woodhouse buoys are manufactured from a polyethylene foam core coated by polyurethane elastomer skin. They are therefore highly durable, being resistant to impact, abrasion, UV degradation and chemical attack. Available in a range of colours but supplied in white/ orange as standard, buoys can be fitted with a variety of topside mooring arrangements including Hook, Crucifix, Bollard or Pad Eye (as shown). Made to suit individual requirements but standardised as detailed to suit most mooring arrangements. For further information please contact us.
