Ports & Terminals - Mooring

## Admiralty Pattern Mooring Buoy

(Product Code STDR - 4010)

Griffin-Woodhouse buoys are manufactured from a polyethylene foam core coated by polyurethane elastomer skin. They are therefore highly durable, being resistant to impact, abrasion, UV degradation and chemical attack. Available in a range of colours but supplied in orange as standard, buoys are made to specific requirements with topside mooring arrangements including Hook, Crucifix, Bollard or Pad Eye (as shown). For further information please contact us.
